

# Robots Rules Meeting Support

flint

# Roberts Rules...

- ◆ Just today we work within this manual framework
- ◆ Can we establish an automated environment to assist in the deliberation and decision making process?

# Robots Rules...

- ◆ Automation of the rulemaking framework is at hand
- ◆ I recommend development of a meeting framework for use in formal VSEA councils and boards
- ◆ The development of the “Robots Rules” decision making framework is a foundation tool for the future

# Benefits

- ◆ The benefits of supporting this research and development program include but is not limited to:
  - Better meeting coherence
    - ◆ The parliamentarian is always right there
  - Meetings with remote officers are possible
    - ◆ The Recording Secretary of the VSEA BOT can be in Bennington
  - Uniform meeting reporting
    - ◆ Both web and hard copy minutes are delivered at the conclusion of the meeting

# This is a modest beginning

- ◆ Rules frameworks need not be drudgery. Robots Rules automates Roberts Rules of Order
  - Easy group participation
  - Remote participation
  - Minutes printed and on the web.
